

At Carr Mill we are proud to teach children who see our world in different ways and learn from them.

Today we would like for you to think about how we are all different by completing the following task.

**Step 1 – Watch the video below.**

<http://autism.sesamestreet.org/storybook/we-are-amazing/>

**Step 2 – On strips of paper write how Julia is different to you in coloured pencil.**

**Step 3 – On strips of paper (in a different colour) write how you are different to people in your house.**

**Step 4 – Make a paper chain using the strips.  
This is to realise that although we have our differences we are all part of the same world, linking in many ways.**

**Step 5 – Be proud of your differences, hang your chain in your bedroom window.**
