

¡Hola, chicos y chicas!

I hope you are all keeping safe and happy. I am sending you links to help you keep up with your Spanish. Have a look around each site. I am sure you will spot some activities we have completed in class. You can do these again or have a go at something new. Do only what you can and don't see it as homework. But give it a go, I'm sure you will find something enjoyable and good fun.

If you can print the activities and have a go at completing them, I will be delighted to check them for you when we go back to school. Or if you want to write the answers on a piece of paper, that will do too.
